SCALE OF ALLOWANCES TO WITNESSES.

G. 8499, 4-12-31.

The following is the authorised scale of allowances to witnesses for the prosecution or the defence in criminal cases in which the prosecution is conducted by the Deputy Public Prosecutor or Police (to take effect from 1st January, 1932):

Column II gives allowances payable when attendance necessitates absence from home for night.

| Class of witnesses. | Allowances. | |
|--|--------------------|------------|
| | Column I. | Column II. |
| | Per diem. | Per diem. |
| 1. Coolies, carters, messengers, domestic servants, hawkers, sailors, kampong Malays, vegetable gardeners, etc. | 80 cents | \$1.20 |
| 2. Landowners or lessees on a small scale other than those mentioned in (1) | \$1.50 | \$3 |
| Mine owners, lessees or advancers on a small scale, clerks, small shop-keepers and traders | | |
| 3. Merchants, traders, shop-keepers, miners, landowners or lessees, etc., on a large scale | \$3 to 7 | \$5 to 9 |
| 4. Europeans and Eurasians (according to station in life) | \$4 to 7 | \$6 to 10 |
| 5. Females (Asiatic and Europeans) | 75 cents to \$2.50 | \$1 to 14 |

2. There will also be allowable to such persons such travelling expenses as they may declare they have actually incurred and paid and as the Police Officer in the charge of the case may certify to be fair and reasonable.

When a witness uses his own motor car, and it is desirable or reasonable having regard to all the circumstances that he should do so, mileage at 20 cents a mile may be paid. Witnesses in classes 1 and 2 will be allowed 3rd and 2nd class railway fares, respectively; witnesses in classes 3 and 4 will be allowed 1st class. Females will be allowed travelling expenses according to their station in life.

POLICE.

3. A journey between two places is considered for the purpose of calculating travelling expenses or mileage, as performed by the shortest practicable route, or by the cheapest of such routes as may be equally short. The shortest route is that by which the traveller can most speedily reach his destination by the ordinary modes of travelling. If a person travels by a route which is not the shortest, but which is cheaper than the shortest, his expenses will be calculated as those of the route by which he actually travelled.

4. The above scale does not apply to Government officers. All Government officers (including policemen, kathis, school masters and railway officials) are to be paid travelling allowances in accordance with General Orders. When a Government officer loses his Government pay by reason of his having to attend Court as a witness, he may be paid according to the above scale.

5. Any witness being a Doctor, Banker, Engineer, Surveyor, Architect, Accountant or other professional man, may be paid, on the certificate of a Registrar or of a Magistrate, for attending to give evidence in his professional capacity but not otherwise, a fee, in addition to any other compensation or expenses payable to him under these rules, which shall not exceed \$10 in respect of evidence given in the Court of a Magistrate nor \$20 in respect of evidence given in the Supreme Court. This rule does not apply to Government officers.

Provided that nothing in these rules contained shall be construed to prevent the Public Prosecutor in any case from making a contract with any expert to give evidence which may require previous attainment work, study, research or preparation on his part.

6. Regard should be had to the amount of time during which a witness was giving evidence or was obliged to attend Court, or was compelled to travel, and was therefore absent from his ordinary occupations, in calculating the fees and allowances payable between the limits fixed.

In calculating the commission due under rule 1,
