## LANDS.

### SINGAPORE.

Land in the hands of private owners in Singapore is held direct from the Crown, either by lease or grant. The terms of the leases vary. A great portion of the land on which the town stands is held on building-leases for 99 years. The terms of the leases in the country are, for the most part, 99 and 999 years. A grant in a Statutory form is now the usual Crown title issued. This is prescribed by Ordinance 34 (Crown Lands.)

The “permits” formerly issued in anticipation of survey have all been called in and grants substituted for them. Certain Crown Reserves are held under annual licences. The quit-rent reserved in leases for lands in the country issued before October 15th, 1883, is 30 cents an acre; that on leases issued subsequent to that date varies according to advantages of soil and situation, but is in no case less than 40 cents an acre. In all leases issued since October 15th, 1883, a condition is inserted under which the rent is readjustable every thirty years. Since the passing of Ordinance No. 34 (Crown Lands) the only instrument of title is a Statutory Grant in perpetuity subject to a minimum quit-rent of 50 cents an acre readjustable every thirty years.

By Ordinance No. 64 (Foreshore) special powers are given to the Government with regard to leases of foreshore for periods not exceeding 100 years.

The following tabular statement shows the Revenue derived in Singapore from Land Rents in the years 1921 and 1922, respectively:—

| Head of Revenue.             | 1921.      | 1922.      |

### P E N A N G .

Land in Penang and Province Wellesley is held of the Crown, as in Singapore, by grant or lease. The conditions of tenure vary according to the policy of the Government at the time the documents were issued. In Singapore eighteen and in Penang twenty different kinds of title are in the hands of the public. Unoccupied Crown land is obtainable on Statutory Grants as in Singapore and Statutory Grants are also being substituted for Permits and Expired Leases. Alienation of foreshore is subject to Ordinance I of 1901.

The rates of rent reserved in old leases vary in different localities.

The following table gives a comparative statement of the Revenue derived from Premia and Land Rents in Penang in the years 1921 and 1922, respectively:—

| Head of Revenue. |     |     |     | 1921.      | 1922.      |

### M A L A C C A .

The tenure of land in the town of Malacca has remained unchanged since the days of Dutch rule. Possession is evidenced in many cases by documents of title in Dutch. Occupied land in the country is, in some cases, held either under grant or lease from the Crown, but for the most part according to customary tenure as defined by the Malacca Lands Ordinance. There is special legislation, Ordinance I of 1901, for alienation of foreshore.

Land is now obtainable without premium if held under customary tenure, and with premium and a moderate quit-rent if held under Statutory Grant.

The principal land revenue consists of rents on rubber, tapioca and gambier leases and of mukim assessment under customary tenure.

Appended is a comparative statement showing the revenue collected in Malacca in 1921 and 1922, respectively:—

| Head of Revenue. |     |     |     | 1921.      | 1922.      |
